**Subject:** NEW SWIMMING POOL

Dear Sir, I have tried to submit my comments via your website, but it insists that the already-completed fields are required, so I do not understand what to do.

Anyway, here are my comments -

I thoroughly commend and support this project, and would like if possible, to become involved in some way. Although we are 'long-term' residents of Bourne end, having moved here in 1978, we have spent many years abroad, during which time I was able to swim regularly, even on an almost daily basis. Thus I appreciate the huge value and benefits of this exercise, which I now miss, and really look forward to having a local pool, within walking distance of the centre of Bourne End. What a huge asset this will be to the village!

I look forward to hearing from you.

Best wishes, Barrie Thomas,
