Alison Bowers			Great idea
Andy annable		No	Handy Cross is under utilised why build an environmentally unfriendly swimming pool. Enough energy is being wasted having the floodlights on until 10:00 pm
,		NO	whether the football pitch is being used or not
Bob O'Sullivan		Yes	I fully support this idea as it would bring so much benefit to the local community along with providing jobs for local people
Bryce Johnstone		Yes	I think any sporting facility will benefit the commmunity
Carmen Salazar		Yes	Very important for all but especially the youngsters to have any sport facilities both for the long dark winters as in the hotter weather, locally. All the community would benefit from a new Leissure centre locally
Caroline Newton			As a family we would love to use this service!
Cecilia Garrido		Yes	I think this project would be very beneficial for Bourne End and other villages nearby
Charlotte Rainbow		Not Sure	Having gone to school at wye valley and used that area for other activities, it would be great to see it transformed into something better for the community. Although pools locally, getting to them is not the easiest, especially on public transport. Having learnt to swim at a young age I think it would be a great thing to bring to the community. I don't live far from location so would be highly concerned about the increased traffic it would bring to area and surrounding roads. We all know that it's crazy enough around there during school times and the roads / infrastructure really isn't build to handle high traffic and it would be such a shame to see the quiet area turned into a high traffic circus. People live and move to Bourne End for the quiet lifestyle and wouldn't want that ruined.
Chelsea Whittaker		Yes	I think it would be hugely beneficial to everyone in the local area.
Chris Pettigrew		Yes	Fully support
Claire lund		Yes	Yes please!
Diane Evans		Yes	I do support this project. We need more sports and leisure facilities for people in the area.
Edward King		Yes	Ok
Elaine Baudouin		Yes	Long overdue in Bourne End
Elizabeth Walmsley		YAS	As long as there is provision for the local community to use the pool for just the cost of club membership and an affordable entry fee then there would be good support. You would need on-site parking provision though as the area gets very congested.
Em Carter		Yes	A great need for this facility for many different groups to be able to use at a local level which is also so important from an environmental stance
Florence Boucard		Yes	I support this project so long as it can be beneficial to all age range and all with different level of income and respects the greenbelt.
Francesca Dudley			Good idea
Gemma lloyd		Yes	It will benefit the community and the young people of BE academy. I can see this as only an asset to Bourne end. Good luck with the application.
Gianna Plumridge		Yes	Really positive facility with the river so close!
Gillian Roberts		Yes	All children should be taught water safety and learn to swim particularly in an area like this with the river. I'm sure a faculty like this would be well used if it is a reasonable price.
Ginny Cheeseman		Yes	Since I moved here 18 years ago I have been saying how much we need a swimming pool! I completely support this project.
Harry sheftali		Yes	Great proposal and needed for the area
Heather Gee		Yes	oreat proposal title free area
Jane Roxburgh		No	Comments held separately
Janet Shuttllewood		Yes	A swimming pool will benefit not just the BEJSC members but the wider community across the age range and of all sporting activities swimming covers the widest age and ability range
Janine Bridges		Yes	Fully support
Jenny Hellmuth			An excellent idea. Children need to be taught to swim. We live by a river!
Jill manning			Excellent finally some positive and useful facilities!
Jon Hawtree		Yes	It will be a great asset for not only Bourne End residents but also local communities
Jonathan Hirsh			This is a great initiative. Please make it happen!!
Julian Davies		Yes	Na
ulie Keeble		Yes	Love this and would definitely support and use often.
ulie Locke			Would love a local pool. Used to go to the Magnet in Maidenhead till it closed. Most pools are too far to travel.
Kathleen Waddelow		Yes	I feel a swimming pool will be an excellent way of improving everyone's fitness in the local area. Also, if providing swimming lessons, could safe peoples lives.
Kaye Pidgley		Yes	What a brilliant idea for the community. Somewhere local where we can go to swim, especially for those that do not drive and live locally.
Naye Flugiey		162	what a billiant idea for the community. Somewhere local where we can go to swirn, especially for those that do not drive and live locally.

Kevin Dervan		Yes	Na
Lana mckay		Yes	Would be great to have a local swimming pool. I have a 7 year old daughter and would use it every week for lessons
Laura Barker		Yes	I can't wait to have a swimming pool. Locally to us – the one within walking distance for Wooburn green is the far too expensive david Lloyd private clubs the children in our community need an opportunity to swim and learn to swim for physical exercise and mental health, as well as being a life lesson for water safety. Sometimes the lido at wycombe is a bit far to go to. I'd just like to know if this has the opportunity to perhaps be an outdoor pool
Lesley Botterill		Yes	Na
Margaret Savvides		Yes	Would be a positive build
Aichael Prager		Yes	No further comments
ikaela Hughes		Yes	Would love to have a local pool for myself and for my grandchildren to learn how to swim.
eil sykes		Yes	Fantastic news. We need more swimming facilities especially in schools
Paul Wagstaffe		No	We would support BEJSC Plans for Swimming Provision in the Locality. We are strongly opposed the Application Proposals for the Swimming Pool linked to The ACADEMY and The Chicken Field. There are major traffic and parking problems WITHOUT ANY INCREASE in Activity. We are strongly supporting the existing case for yellow lines in New Road. As Residents, we no longer plan to leave our home by car between 07 45 - 08 55 and 14 00 to 15 30. There are parents sitting in cars blocking safe entry and exit from our drive. Your Parking Survey needs to be DISMISSED. It was carried out on a Sunday when the School was on Holiday and Covid Restrictions were in place. New Road and adjacent roads CANNOT BE INCLUDED IN YOUR PARKING PROVISION. THE SCHOOL AND BEJSC ALREADY HAVE INADEQUATE PARKING PROVISION. The Plans should include significant ON SITE provision for Parking to accommodate daytime and evening and weekend
Phillip Lund		Yes	Please make this happen! Much needed and would benefit the local community immensely
Rebecca Cannon		Yes	We need more swimming pools!
oxana Deacon		Yes	Fantastic idea
ıth White		Yes	Great idea just what the community needs
mantha Schrader		Yes	We fully support this; what an excellent facility to have available to the community
rah Devine		Yes	I think a pool to serve Bourne end, Flackwell heath, Wooburn Green would be fantastic. Apart from football, there are limited sporting opportunities in the villages for children, so to have something local would be fantastic. As an adult I would love to attend aquafit classes/swimming to help my early onset arthritis.
ashana		Yes	It would be great for the community
phen Mann		Yes	Very positive
anna Leacy		Yes	Overall supportive but a little anxious about the noise and disruption of building work and long term parking implications.
ry Hastings		Not Sure	The headline says to reduce drownings – however this will never get a swimmer acclimatised to open water. I appreciate too Wycombe club rules the roost at Wycombe pool and you need your own. Looking forward to covid post times, I would strongly encourage open air and heated. but also to widen your clientele by allowing rowing, kayak and diving courses/sessions too, and subsequently a larger pool.
rry Relf		No	Comments held separately
omas Greenhalgh		Yes	A great idea!
et Lloyd		Yes	My Daughter is disabled and loves swimming, she lives in area and would greatly benefit from this pool.
dy van Niekerk		Yes	It would be absolute wonderful to have a pool in Bourne End aqua fit classes would be attended by many people.
Falconer		Yes	Yes
Edwards		Yes	Would definitely prefer an outdoor pool.
ir Mcneil		Yes	Great idea!
hanahan		Yes	Long overdue, this is a great idea to make better use of the land on which it will be built, enhancing the already good facilities at BEJSC. Will their be any incentives/discounts/taster invitations for local residents? Will their be larger car parking facilities, Also, will there be a limit on numbers that csn be in the pool at any
Sian Shanahan		Yes	incentives/discounts/taster invitations for local residents? Will their be larger car parking facilities, Also, will there be a limit on numbers that csn be in the po one time so that its not over crowded and users get the most out of their swim sessions.

Eric the Eel		No	Inappropriate location for such a large private enterprise leisure centre. What about local residents on this now already congested village road because of private nursery's, nearby railway station, business parks and an overcrowded school following closures elsewhere. Unless this proposal includes free parking for hundreds of cars then it's going to make it even worse. People are extraordinarily lazy and inconsiderate re: cars. Ask any resident living nearby. At least weekends are still quiet, but now the greedy profiting motivation behind this will destroy resident weekends. We must all object, simply because any development these days is always at the expense of local residents. Anywhere. Everywhere. Ask the KBEG trust re: Slate Meadow and Holland's Farm. Developers make huge profits and simply cannot be trusted. Concessions made in planning process are mere tokens, and are built in to look reasonable when objections are raised, they get away with a lot because councils are desperate for money and commercially savvy enterprises like those behind this can promise abc whilst delivering xyz by which time it's too late. Parking is currently bad to the point of hazardous in new road and surrounding residential streets, having been blighted over the last decade by the aforementioned. I've no doubt this will eventually be built, because money trumps all sadly, we've forgotten how to take care of our communities. That's why our environment is burning and climate is changing. We do not need a private enterprise such as this in a residential area. The answer is not yet more loss of land to development at the expense of surrounding residents. Nice idea, wrong location. Try a town centre, plenty of empty shops there.
Dawn Sherwood		Yes	Excellent idea for a pool
Penny Heyes		Yes	This will be a great addition to the community and I for one will be using it 3 x per week rather than driving to another town.
Debbie Dean			Such a fantastic idea for young and old in our community
Tania morros			Go! Go! Let's help the community
Carmela Debattista			It will be nice to have a swimming pool in Bourne end .
Jenny Sutton		Yes	Totally. There are not enough swimming pools around. The high wycombe sports center pool is way too busy
Chris Tolmie			Parking and traffic maybe an issue. Probably worth pointing out that bus and rail services are nearby.
Daniel Avery		Yes	This is a great opportunity to increase water safety skills in a riverside village where there has been recent tragedy in the water
Chris carr		Yes	I want a pool
Alex Groszmann		Yes	none
Elizabeth Bailey		Yes	would be nice to increase exercise in the community
Liizabetii Bailey			Brilliant idea. It'll be so valuable for the local community and for so many of the children who live in the area, as well as the adults. I imagine it'll encourage many
John Sills		Yes	more to try swimming. Also great to see the building's sustainability credentials, helped by reducing car traffic to the WDC pool.
Tanya Grainger			Fantastic opportunity for the local community.
ranya Oraniger		163	I believe this will make a massive contribution to the life of the village, Swimming is a critical life skill, beneficial for physical and mental health and great fun. The
Richard armstrong		Yes	benefits of enhancing access to swimming for the local community cannot be overstated. I strongly support this.
			perients of enhancing access to swiffining for the local community cannot be overstated. I strongly support this.
